PROFESSIONAL SUMMARY

To build career in a growing organization, where I can get the opportunities to prove my abilities by accepting challenges, fulfilling the organizational goal and climb the career ladder through continuous learning and commitment.

PROJECTS

GREEN COMMUTE AND SUSTAINABLE TRANSPORTATION APP

Green Commute is an innovative application designed to encourage and facilitate sustainable transportation choices. Powered by the MERN Stack, Green Commute aims to reduce carbon footprints by providing users with ecofriendly commuting options. Sustainable transportation refers to modes of travel and system of infrastructure that have minimum negative impacts on the environment, society and economy.

STUDENT MANAGEMENT SYSTEM

Developed the front-end for the student management system website using HTML, CSS. Implemented user-friendly design elements and features to enhance the student experience.
